

T4 instrument series

The entrance to the Dentsply Sirona world

"Made in Germany" – this is Dentsply Sirona's continually renewed brand promise of making customer satisfaction its uppermost priority. The promise is alive. And here in Germany, we breathe new life into it on a daily basis.

The excellent quality of our instruments is based on three typical German values: thoroughness, reliability and a pioneering spirit.

T4 Line*

The straight and contra-angle handpiece of the T4 class delivers with an essential design and a robust steel sleeve. Due to the air motor – available with Midwest 4-hole – you will stay flexible, regardless of the treatment unit you are using.

- Essential design out of stainless steel
- External Spray
- **Push button chuck**
- For use with burs that have a 2.35 mm bur shaft diameter
